

WHAT TO DO ON YOUR TURN

Turns go clockwise around the table, and each turn is made up of 4 phases.

Beginning of Your Turn If any of your cards has an effect that happens "at the beginning of your turn," you may use that effect now. If you forget to do it before you draw, you miss out on using that effect.

Draw Phase Draw 1 card from the Draw Pile.

Action Phase Play 1 card from your hand.

OR

Draw 1 more card from the Draw Pile.

End of Your Turn Discard down to the hand limit. (If you are holding more than 7 cards.)

HOW TO WIN

The first person with the required number of unicorns in their Stable wins! Everyone must bow down to them.

2 players 7 Unicorns to win*

3 – 5 players 7 Unicorns to win

6 – 8 players 6 Unicorns to win

WHAT IF YOU RUN OUT OF CARDS?

If you're a stickler, the game ends when you run out of cards. If no one completed their Unicorn Army, no one gets to be The Righteous Ruler of All Things Magical.

If you're a rule-breaker, you can reshuffle the discard pile back into the deck when you're out of cards. The rules say not to, but you just don't give a care. You're a rebel. Good for you.

If you are a Baby Unicorn, the game ends when you flip the table. Don't be a Baby Unicorn. You're better than that.

FAQS

If you're holding more than 7 cards at the end of your turn, discard down to 7. If you're holding fewer than 7, don't get greedy and draw more. Patience is a virtue.

When the card says "each player" that includes you, too.

If you run out of Baby Unicorn cards at any point, root through your pockets for spare change, gum wrappers, or lint to represent additional babies.

When Pandamonium is in play, all of that player's Unicorns are Pandas, but their effects remain the same.
